## **Eurolife Healthcare Pvt. Ltd. : Top Quality Pharmaceuticals at Competitive Prices**

Eurolife Healthcare Pvt. Ltd., Mumbai, India based specialty pharmaceutical company manufactures and distributes an exclusive portfolio of allopathic formulations, like Intravenous Infusions, Injectables, Ophthalmics, Sterilised water for Injections, Nebules, Tablets, Capsules, Ointment & Creams.

Recognized as an Export House by the Government of India, Eurolife has grown steadily since its inception in 2001. Initially supplying its formulations to a large number of African countries, today we are exporting to over 25 countries worldwide like Cambodia, Equador, Ivory Coast, Kenya, Myanmar, Nigeria, Philippines, Srilanka, Turkmenistan, Ukraine, Uganda, Vietnam and Yemen.

Thanks to our world-class quality and competitive rates. Eurolife's products have found immediate acceptance wherever they have been marketed.

Eurolife is staffed by a cohesive, highly productive and talented team of professionals, complemented by experienced pharmaceutical representatives.

Another of Eurolife's significant strength is high-end packaging, which safeguards the pharmaceutical integrity of the product throughout its shelf-life. Among such packaging options are Alu/Alu blisters, Intravenous Infusions using FFS (Form - Fill - Seal Technology) and Ophthalmics using FFS. In addition, innovative pack sizes are offered to suit varied prescriptions.

The products are packaged in eye-catching packs, with unique designs created by professional designers, which also goes a long way in building strong brand awareness.

# MISSION

## Eurolife's Mission ...

Eurolife is dedicated to providing a range of high quality pharmaceutical products, to address a spectrum of medical needs, to reach the maximum number of end-users worldwide.

# TEAM

## A Dynamic and Talented Team

Since any company is only as good as its people, the Eurolife team comprises of highly-qualified professionals, complemented by experienced pharmaceutical representatives.

Utmost care is taken to hire the best possible talent in terms of both experience skill to fit the organization culture.

To sharpen team skills and constantly improve productivity, continuous training programs are held within the company for all levels of employees. For specific training that arises from keeping pace with evolving technology, personnel are deputed for outside training - on the latest developments in FFS technology, manufacturing techniques, QA procedures, and much more.

This concentrated focus ultimately translates into better product quality, better service and better pricing for Eurolife's customers.

# VISION

## Eurolife's Vision ...

To be recognized as a reliable and quality-conscious supplier of premium pharmaceutical products, at the most affordable prices, to benefit the largest number of customers.

# MANUFACTURING

## A Spectrum of Manufacturing Strengths :

### UNIT I :

#### Infusion:

- 25 ml
- 50 ml
- 100 ml
- 250 ml
- 300 ml
- 350 ml
- 400 ml
- 500 ml
- 1000 ml
- 3000 ml

#### Ophthalmics:

- 5 ml / 10 ml

#### Injectables:

- Powder for Injections
- Liquid Injections

#### Nebules:

- 2.5 ml

#### Steriled Water for Injections:

- 5 ml
- 10 ml

### UNIT II :

#### Tablets:

- Uncoated Tablets
- Film Coated Tablets
- Multi Layer Tablets
- Enteric Coated Tablets
- Sugar Coated Tablets
- Dispersible Tablets
- Effervecent Tablets
- Suppositories & Pessaries

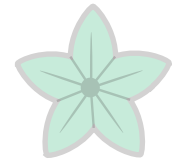

#### Capsules:

- Hard Gelatin Capsules

#### Ointment & Creams:

- Non Sterile

# MANUFACTURING

## A Spectrum of Manufacturing Strengths :

### UNIT III :

Infusion:

- 100 ml
- 500 ml

### UNIT IV :

Infusion:

- 100 ml
- 500 ml

# MARKETING

## In-depth Marketing Experience :

Eurolife has a comprehensive experience in export marketing and has established an excellent set up for distribution & logistics for both the export and domestic markets.

The company is committed to developing strong relationships with customers and has an in-depth understanding of the requirements of various export markets. This puts it in a sound position to meet the different requirements of each individual country and customer.

Eurolife also supports customer awareness initiatives in several countries by holding doctor meets / conferences and seminars.

# FUTURE

## Exciting Expansion Plans :

The company plans to build its existing strengths by creating a stronger domestic network and ramping up exports to CIS and Latin American countries.

More future plans include entering regulated markets like the US and UK, as well as an enhanced trust on R&D and contract research.

# QUALITY CONTROL

## Stringent Quality Control

Eurolife has put into place a comprehensive quality policy, which covers raw materials, all stages of product manufacturing, as well as packaging and storage and complies with the most exacting ICH standards

Stringent quality control and continuous quality checks are a part of every batch and process at Eurolife, in order to ensure the highest process integrity.

The company strives to consistently improve its facilities, its internal policies and procedures in order to maintain quality standards that meet and exceed customer's expectations.

The in-house Quality Control laboratory is staffed by a qualified and experienced team. It is well equipped with latest analytical instruments as well as sophisticated microbiological testing facilities to ensure the highest levels of pharmaceutical quality, purity and formulation accuracy.

All of these quality efforts are part of Eurolife's commitment ensure that every product that comes off its production lines meets the most exacting ICH standards.

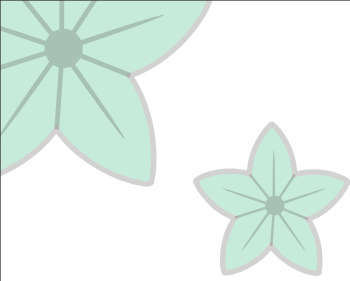

# PRODUCTS

## A Wide Range of Products and Packaging Options

Eurolife manufactures a comprehensive range of generic pharmaceutical formulations in a variety of forms, in the most sterile and highest-quality packaging.

These include :

- INTRAVENOUS INFUSIONS
- OPTHALMICS
- TABLETS
- CAPSULES
- INJECTABLES
- OINTMENTS & CREAMS
